soniya-prasad-a8769b1a8

ABOUT

- I'm a programmer and an enthusiastic learner. My specialties include web development (MongoDB, ExpressJs, React, NodeJs), Data Structure, & algorithms, Machine Learning Algorithms, Artificial Intelligence, MATLAB, and excellent communication skills.

PROJECTS

Personal Portfolio Website

Dec 2022

- Developed a portfolio using React, HTML, CSS
- Improved User Experience During the Usage of the Website by Eliminating Bugs

Commerce Auction Website

Jan 2023

- Designed an eBay-like e-commerce auction site that will allow users to post auction listings, place bids on listings, comment on those listings, and add listings to a "watchlist."
- Make Recommendations on Improvement based on Analysis

Wiki

March 2023

- Designed a free online encyclopedia that consists of a number of encyclopedia entries on various topics.

Customer Segmentation (ML)

April 2023

- Worked on Credit Card Dataset to target different types of customers using k-means Clustering algorithm of Unsupervised Machine Learning

EDUCATION

MAHATMA GANDHI CENTRAL UNIVERSITY

NOV 2020 - PRESENT

- CGPA: 8.8
- B.Tech in Computer Science and Engineering

CERTIFICATIONS

New Responsive Web Design

- Projects completed during this certification
- Cafe Menu, Colored Markers, Registration form, Survey form, Magazine, Piano

Code Yourself - An Introduction To Coding and Programming

- Learnt basics about programming
- Developed a Zombie Game using scratch

SKILLS

- HTML, CSS, Javascript, React, MongoDB, NodeJs
- Django & CI/CD
- Git & GitHub
- Machine Learning, Artificial Intelligence
- Data Structures and Algorithm
- Database Management Systems
- C, Java, Python, JavaScript
- System Commands (Linux)
